My name is Agostino and I am 51 years old. My
job is delivering food by bicycle. I have two
daughters, but we hardly ever speak. Their
mother and I no longer live together because
we are divorced.

I live with my mother, as I cannot afford to pay
rent after the divorce. Rent is very expensive in
this city.

A few months ago I was working as a janitor for a company. I repaired things that were broken, carried boxes, and helped when anyone needed it. One day the company fired me. I did not understand why.

After a long time all our hard work paid off. One big delivery company had to pay a huge fine and to give workers permanent jobs. It was the first time that had happened anywhere in the whole world. It looks like things are starting to improve.

I get no paid holiday, no sick pay, hardly any
rights at all. I do not think that is right, but I
need the job. Most of the other employees are
immigrants from all over the world.

Many delivery people are injured in accidents
every day. Then, when a 25-year-old
deliveryman was hit by a car and died, the
authorities started noticing us. It is a shame he
had to die before that happened.
