Tomi ka dhimbje dhëmbi. Atij i dhëmb shumë dhëmbi.

...

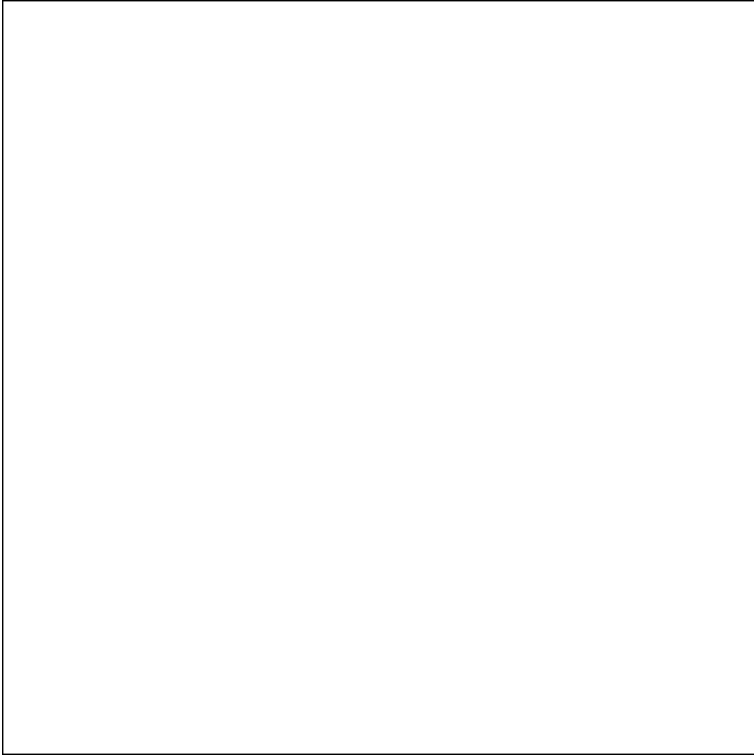

Tom has a toothache. His tooth hurts very much.

Ai duhet të shkojë te dentisti, por më parë i
duhet diçka për dhimbjen.

...

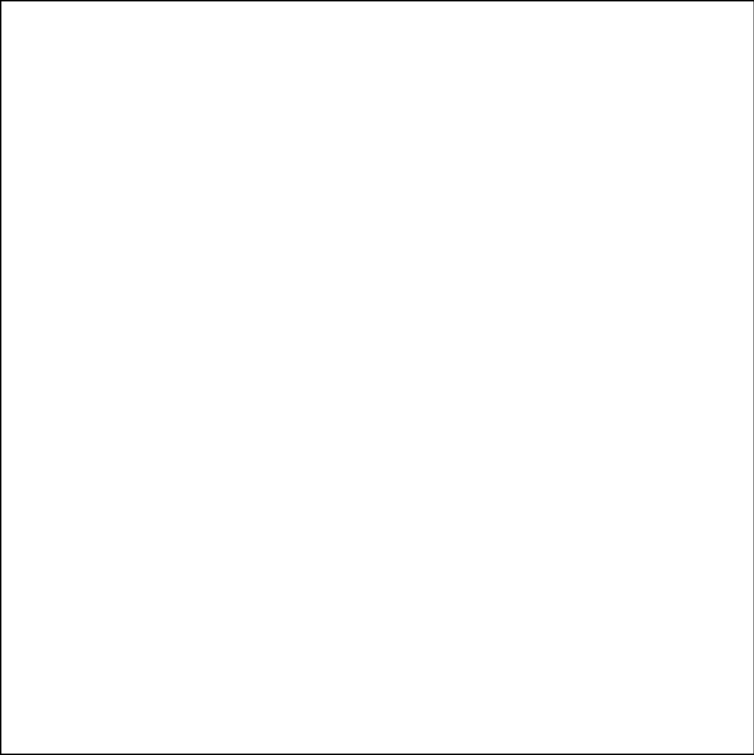

He needs to see his dentist, but first he needs
something for the pain.

Ai shkon te farmacia më e afërt.

...

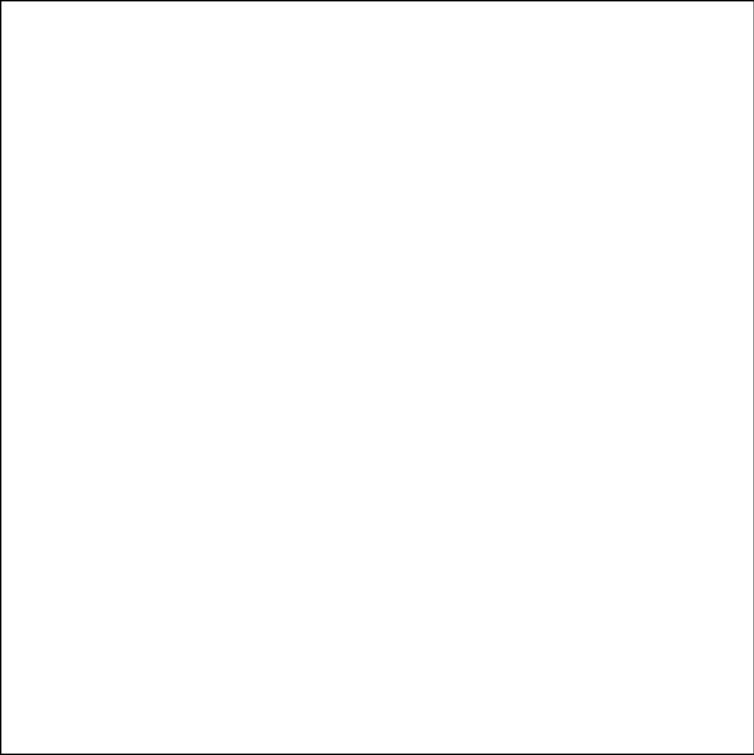

He drives to the nearest pharmacy.

“Kam dhimbje dhëmbi,” thotë. “Keni ndonjë gjë për këtë?”

...

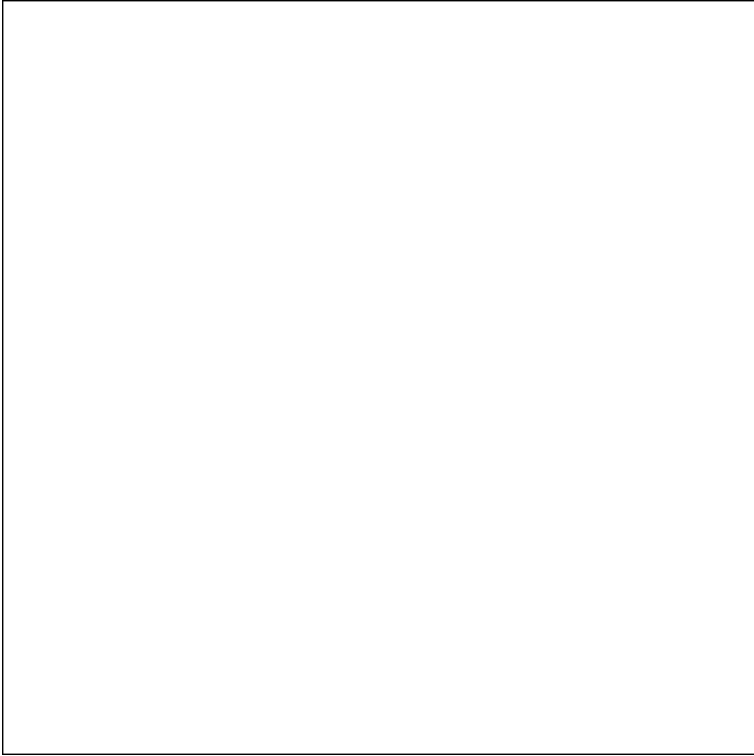

“I have a toothache,” he says. “Do you have anything for that?”

“Po, këtu keni disa qetësues. Nuk ju duhet
recetë për këto.”

...

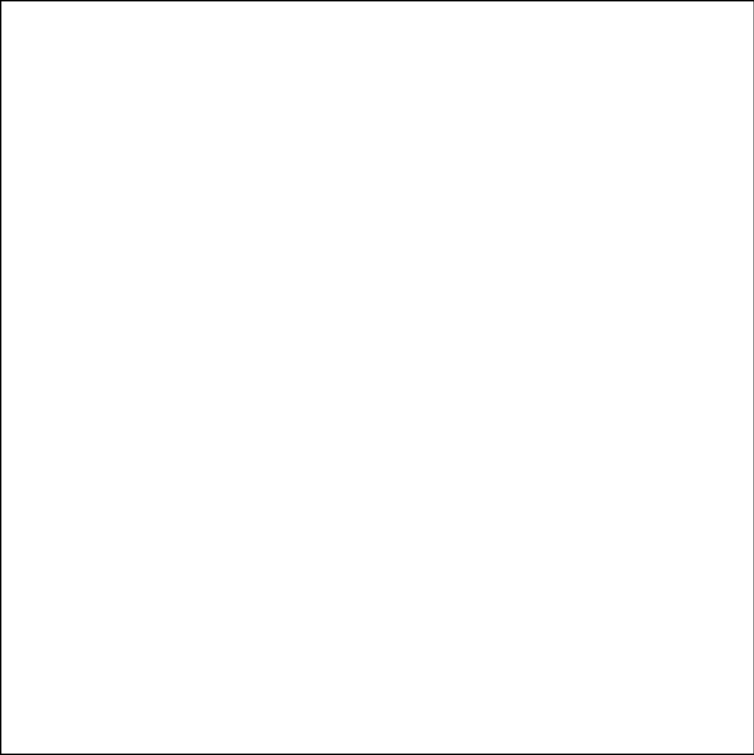

“Yes, here are some painkillers. You don’t
need a prescription for these.”

“Faleminderit. Sa kushtojnë?”

...

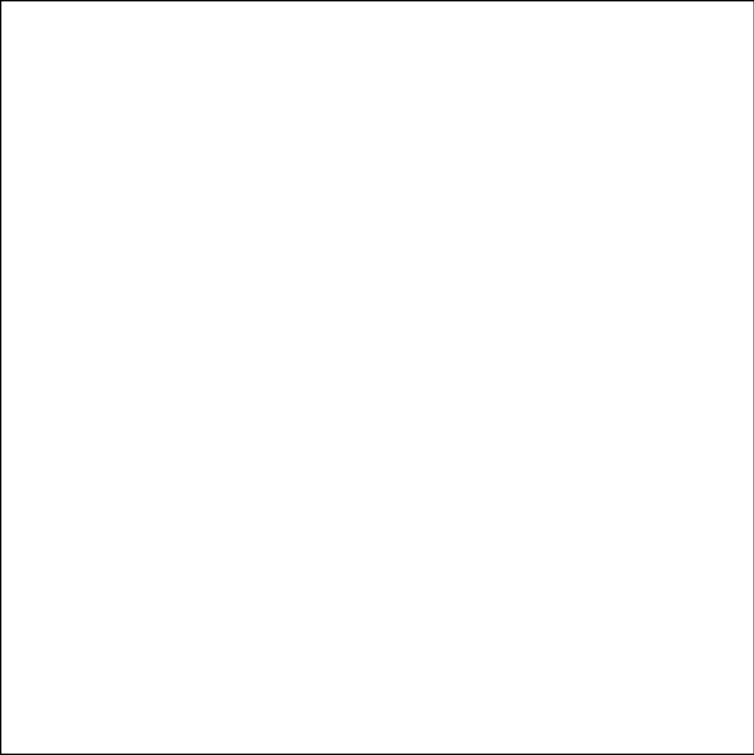

“Thank you. How much do they cost?”

“Kushtojnë nëntë euro. Por duhet të shkoni te dentisti.”

...

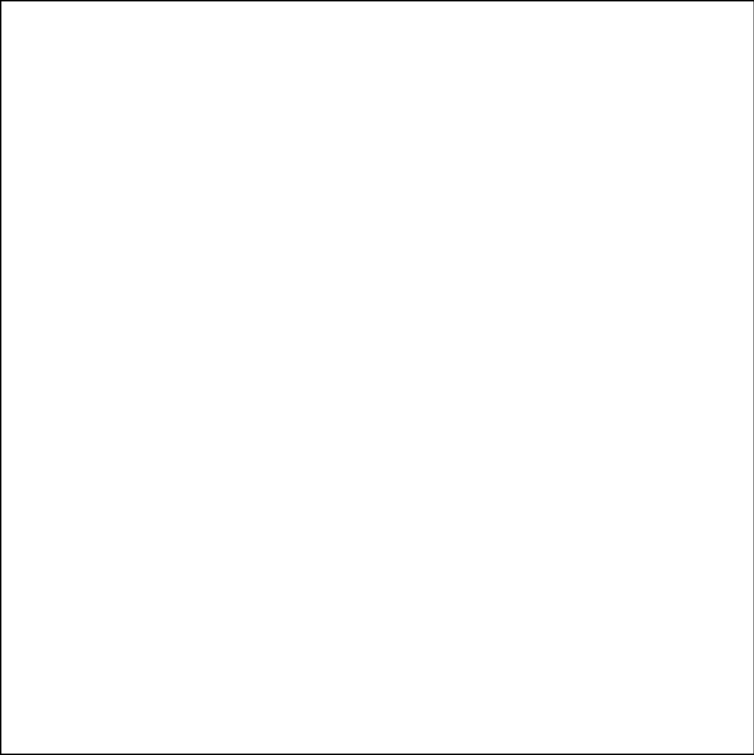

“They cost nine euros. But you should see a dentist.”

“Në rregull, do e telefonoj dentistin tim nesër në mëngjes.”

...

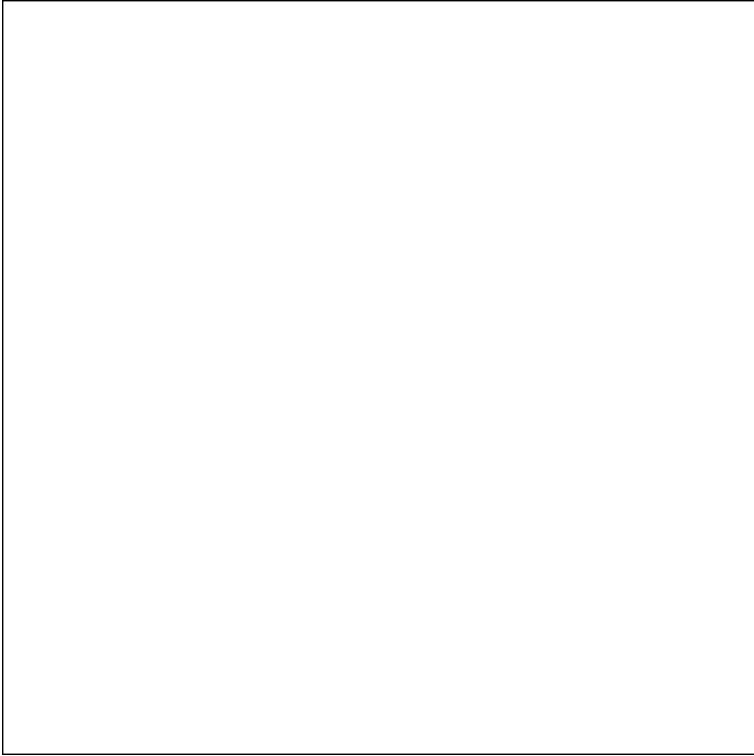

“Okay, I will call my dentist tomorrow morning.”

“Nëse ju duhet një ilaç më i fortë, duhet të merrni një recetë nga dentisti ose mjeku juaj.”

...

“If you need stronger medicine, you will need to get a prescription from your dentist or doctor.”

“Faleminderit! Mirupafshim.”

...

“Thank you! Goodbye.”
