“Roj dest bi sarbûnê dikin.
Germahî çend e?”

“Ez hêvî dikim ku wisa nebe. Bi
rastî ez ji hewayaya xirab hez
nakim, taybeten ji guregura
ezman û birûskê. Ez ditirsim ku
birûsk li min bikeve.”

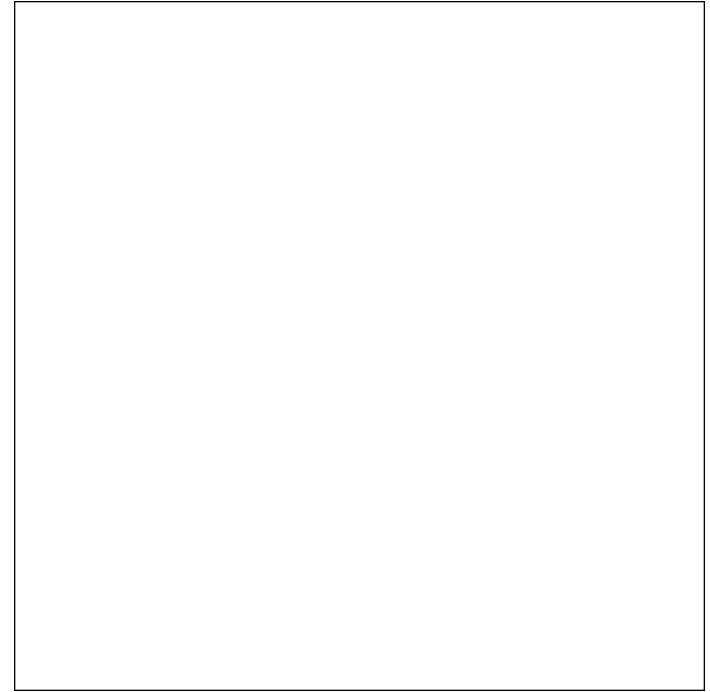

“Neh pile ye, hîn payîz e. Lê belê zivistan dê, di demeke nêzik de were.”

“Li wan ewrên reş û tarî binêre. Sibe baran dê bibare. Dê pir ba jî hebe. Belkû bahozek çêbibe.”

“Ez li hêviya biharê me, lê belê ez havînê tercîh dikim ji ber ku xweş û germ e.”

“Ez ji sarmayê aciz nabim. Ez ji ba û baranê hez nakim.”
